Under certain conditions; low speeds, heavy traffic, door-to-door deliveries (engine turning with little distance travelled) or in high gear for long periods; sport driving, towing a caravan/trailer over 500kg (engine turning at higher revolutions), the vehicle's service interval may be shortened and you will be alerted, via the instrument panel service indicator, that a Renault Service is required earlier (refer to driver's handbook for details).

EXTENDING YOUR WARRANTIES AND COVER

Renault Extended Warranty allows you to extend your Renault Warranty for an additional year up to 4 years/100,00 miles, whichever is sooner.

Renault Assistance Added Cover provides you with additional cover for incidents not covered by Renault Assistance: incorrect (or lack of) fuel, keys lost, stolen or locked inside the vehicle and incidents involving caravans or trailers.
